EXPERIENCE

UX/UI Designer I Insight by Nemera

January 2023 - Current, Hybrid- Chicago IL

- Designed user-centered healthcare applications for web and touchscreen devices, enhancing usability and workflow efficiency for medical professionals and patients.
- Developed and maintained Figma component libraries, optimizing design systems and ensuring brand consistency across various client projects in the healthcare sector.
- Collaborated with Human Factors teams, clients, and stakeholders to align clinical requirements with user-friendly interfaces, delivering accessible solutions.
- Conducted research studies and developed collateral for international conference presentations, advancing UX/UI best practices within healthcare consultancy projects.

UX/UI Designer I Moment Studio

March 2022 - January 2023, REMOTE

- Translate complex requirements into user centered design solutions.
- Conduct UX testing and research to validate designs, understand user needs and pain points. • Develop design artifacts such as user persona, journey maps and information architecture to communicate design rationale.
- Produce wireframes, mockups, and prototypes to guide interface design.
- Collaborate and present your work to peers, mentors, and other stakeholders to iterate on designs.

Lead Language Instructor | Noble Charter School

August 2021 - March 2022, CHICAGO IL

- Empathetically consult with team of administrators about strategies to identify and implement successful instructional strategies.
- Coordinate with administrators and colleagues to pinpoint inequities within the language classroom. • Explore flexible implementation of innovative use of technology in language education during a pandemic.
